---

Thanks Eric.

I'm going to ask the on-duty HQ EOC Watch Officer call-in to listen for our situational awareness.

Tito

 Subject: Radiation Monitor Request

Hello -

We are requesting that EPA provide two radiation monitors from OIRA to New Mexico to monitor radiation from the Las Conchas fire which is now burning on Los Alamos National Laboratory lands. We would like these monitors to be deployed in Santa Fe and Espanola, NM.

We understand that there is also capacity to fly over the plume and monitor radiation directly. We would request that this also be provided for this fire event.

Rita Bates
